

Design/Build Electrical Construction
(from Concept through Completion)

Certified Network Cabling
(Voice/Data/Convergence)

Programmable Logic Controller
(Sales & Service, Integration, Networks)

Commercial/Institutional/Industrial
(Primary site transmission through L.V. Control)

Fiber Optics LAN & WAN
(Premise & Outside Plant)

Systems Design Services
(Schematics, Ladder Logic, Process Loop)

Energy Management/Engineering Services
(ACAD, Lighting Design, Energy Analysis)

Video Distribution Systems
(CATV, CCTV, IP Cameras)

Control Panel Construction
(NEMA 1 Through Class I Div I)

Preventative Maintenance
(Infrared Scanning, Transformer Testing, Relamping)

Business Phone Systems
*(Sales & Service)
Panasonic/Avaya/Definity*

Operator Interface Development
(Touch Screens, Multi-Station, PC-Based)

Residential Systems
(Lighting Control, Security, Sound, Theatre)

Sound
(Performance/Paging/Masking/Background)

Material Handling Systems
(Conveying, Tote, Bins, Ovens)

Card Access / Security Systems
(Proximity Cards, Biometrics, Monitoring Systems)

Media Presentation
(Audio-Visual, TV's, Projectors, Microphones)

Safety Analysis and Solutions
(Safety Relays, Mats, Light Curtains)
